I will be compiling a new list of priority cases for Ex. 6 Personal Privacy (PP) and the DAAs, hopefully tomorrow morning, that includes the hair on fire cases.

I expect that there will be minimal overlap with the spreadsheet of doom because these should primarily be cases for which CCD has all the assessment work completed. So, yes, we will only need narratives for the determination documents.

Ex. 6 Personal Privacy (PP) I checked the "hair on fire" list. I have to do the technical work for P-18-0073 Ex. 6 Personal Privacy (PP) case that I did not reassign).

I checked the cases against those in the spreadsheet of doom and could not find any others with the exception of the one mentioned above.

What other RAD work is needed? Narratives for the determination documents?
